

# Falcon 650 SR

The new Falcon 650SR features the latest European styling -soothing looks, and the latest technology. Below the waterline is a redesigned version of the popular and well-known 640SR hull -handling is predictable no matter what load or conditions are presented. Maximum efficiency is achieved through the inverted chine design -the adaptive design always runs perfectly, Inland or offshore. New features include sealable deck hatches, an easy-clean non-slip finish, luxurious rear seat, restyled stainless steel, deluxe contoured upholstery and an optional bow sun bed.
